James was talking about setting up quarterly meetings for CERT. How does everyone feel about this and what day of the week/time is best for everyone?

Well first of all I am going to state that I am NOT a member of the Rusk County CERT unit but rather part of Haltom City CERT unit. We have been in existence for almost 2 years now and have been on our current meeting system for 1 year. We meet Monthly on the 3rd Monday 6:30 Pm and we usually get about a third of the group any given meeting. I don't know about yalls dynamics but the more we can get together to plan network meet etc the better. It was really important this year as we were hoping all year. It also helps if there is a small training session imbedded so somebody says hey cool I want to learn that!
